

AI Tool Comparison Worksheet

Instructions

Use this worksheet to evaluate AI tools for your business. Fill in each column as you test tools.

Tool Comparison Grid

Tool Name: _____

Category: (Writing / Research / Image / Code / Other): _____

Free tier available? Yes / No

Monthly cost (paid tier): \$ _____

What I used it for: _____

Quality of output (1-10): _____

Ease of use (1-10): _____

Would I pay for it? Why/why not? _____

Quick Reference: The 4 Tools That Matter

1. **ChatGPT** (chat.openai.com) — Best all-around for writing, brainstorming, analysis
2. **Claude** (claude.ai) — Best for long documents, nuanced writing, careful analysis
3. **Gemini** (gemini.google.com) — Best if you're in the Google ecosystem
4. **Perplexity** (perplexity.ai) — Best for research with cited sources

My Recommendation

Start with the free tier of ChatGPT or Claude. Use it for 2 weeks before paying for anything.
